## Reading — A Letter to My Future Self

"Dear Future Me, when I started this course, I was nervous because I didn't know many words. I found irregular verbs difficult because there were so many! My favourite lesson was Amazing Animals because I learned to compare things. The most useful things were should/shouldn't and going to/will. I am going to keep practising! In my opinion, learning English is like a journey. I should be proud because I didn't give up! I think my English will improve if I read, watch and speak. If you dream it, you can do it!"
